- Select POST /SalesOrders

**POST** **/SalesOrders** Create a Sales Order.

- Click "Try it out"

**POST** **/SalesOrders** Create a Sales Order.

Requires Eclipse Sales Order API license

Parameters 

Try it out

- Copy and paste in the API request found below under "Request body"

#### Request body

##### Create a Sales Order

```
{
  "priceBranch": "1003",
  "shipBranch": "1003",
  "billToCustomer": "148132",
  "billToCustomerECommerceId": "",
  "shipToCustomer": "148132",
  "shipToCustomerECommerceId": "",
  "orderStatus": "INVOICE",
  "salesSource": "",
  "invoiceNumber": "001",
  "shipDate": "2022-02-09T16:23:22.891Z",
  "requiredDate": "2022-03-09T16:23:22.891Z",
  "shipVia": "PICK UP",
  "customerPONumber": "",
  "customerReleaseNumber": "",
```

- Click "Execute"
- Verify Response has 200 code

#### CodeDetails

200 Response body

Download

```
{
  "results": [
    {
      "nextInvoiceId": 2,
      "nextGenId": 2,
      "minGpPercentStock": null,
      "maxDiscountStock": null,
```

- Order ID in app is same as "eclipseOid" in the response

```
"eclipseOid": "S113004728",
```

# Order JSON

## ORDER BASE TEMPLATE

- Copy and paste the BASE template into Request Body in step above

```
{
  "priceBranch": "1003",
  "shipBranch": "1003",
  "billToCustomer": "148132",
  "billToCustomerECommerceId": "",
  "shipToCustomer": "148132",
  "shipToCustomerECommerceId": "",
  "orderStatus": "INVOICE",
  "salesSource": "",
  "invoiceNumber": "001",
  "shipDate": "2022-02-09T16:23:22.891Z",
  "requiredDate": "2022-03-09T16:23:22.891Z",
  "shipVia": "PICK UP",
  "customerPONumber": "",
  "customerReleaseNumber": "",
  "insideSalesPerson": "",
  "outsideSalesPerson": "",
  "orderBy": "",
  "writer": "",
  "telephone": "",
  "email": "",
  "street1": "",
  "street2": "",
  "city": "",
  "state": "",
  "postalCode": "",
  "country": "",
  "internalNotes": "",
  "shippingInstructions": "",
  "termsCode": "",
  "freightCharges": 0,
  "handlingCharges": 0,
  "taxExemptCode": "",
  "taxExemptId": "",
  "taxJurisdiction": "",
  "quoteStatus": "",
  "shipFromVendor": "",
  "shipIds": [],
  "shipCouriers": [],
  "additionalData": "",
  "consignmentType": "NonConsignmentOrder",
  "lines": [

    PRODUCT_JSON_GOES_HERE

  ]
}
```

## ADD PRODUCTS

- Select a product template below and add to the "lines": Array in BASE template
  - Separate each product template with a comma
  - (optional) adjust the quantity for more or less product
- For a product with serial numbers, choose the SERIAL NUMBER TEMPLATE below

### Basic Product Template

<pre>{   "lineItemProduct": {     "productId": 30243,     "primaryUPC": "61194203402",     "secondaryUPC": "",     "catalogNumber": "PDWV4K",     "customerPartNumbers": "",     "keywords": "",     "productDescription": "PVC 2 DWV 1/8 BEND HXH (PDWV4K)",     "ean": "",     "quantity": 5,     "um": "ea",     "umQuantity": 1,     "unitPrice": 0,     "cost": 0,     "cogs": 0,     "comments": "",     "commentsId": "",     "releaseNumber": ""   } }</pre>	<pre>{   "lineItemProduct": {     "productId": 48301,     "primaryUPC": "",     "secondaryUPC": "",     "catalogNumber": "P40P1820",     "customerPartNumbers": "",     "keywords": "",     "productDescription": "PVCPIPE 18X20 SCH40 PVC SOLID\nPIPE-PE (P40P1820)",     "ean": "",     "quantity": 2,     "um": "ea",     "umQuantity": 1,     "unitPrice": 0,     "cost": 0,     "cogs": 0,     "comments": "",     "commentsId": "",     "releaseNumber": ""   } }</pre>
--	---

### Serial Number Product Template

- To add more serial number fields on the app, increase the "quantity"

<pre>{   "lineItemProduct": {     "productId": 529,     "primaryUPC": "67165711765",     "secondaryUPC": "",     "catalogNumber": "BT-100",     "customerPartNumbers": "",     "keywords": "",     "productDescription": "AOSMTH NG 98 GAL 75K COMM HTR BT-100",     "ean": "",     "quantity": 2,     "um": "ea",     "umQuantity": 1,     "unitPrice": 0,     "cost": 0,     "cogs": 0,     "comments": "",     "commentsId": "",     "releaseNumber": ""   } }</pre>
